TEXAS MOBILITY SUMMIT 2.0

The Texas Innovation Alliance is hosting the Texas Mobility Summit 2.0 to advance the Texas Proving Grounds, develop a public-private data enterprise, and generate collaborative solutions to the state's mobility challenges. Launched following the 2016 Summit, the Alliance has successfully engaged local, regional, and state transportation leadership in creating a platform for innovation. This year, regional and research teams will provide updates on their progress, share ideas for planned investments, and prioritize an agenda for action. Join us in Houston, Texas on October 16-17 for an interactive

experience designed to take the next steps in demonstrating mobility applications and enabling innovative environments in Texas.

- Day 1: Exchange & Innovate - Engage with city and regional teams from across Texas as they share ideas and discuss the role emerging technologies will play in improving safety, enhancing mobility, and enabling economic growth for all communities.
- Day 2: Envision & Develop - Teams and industry representatives present their plans for implementing next generation vehicles, exchanging data, and facilitating knowledge sharing.
- Network Opportunities - Identify common challenges, shared goals, and innovative demonstration opportunities in collaboration with transportation agencies, researchers, and industry leadership.

Register by September 15 at <https://ctr.utexas.edu/texas-mobility-summit/> for an opportunity to contribute to moving Texas forward. Featuring keynotes, workshops, and an executive leadership session, participants will gain valuable insights from a variety of transportation stakeholder perspectives. For more information please contact info@txinnovationalliance.org. To learn more about how you can become a key part of this event, please email Ernie Cochran at ernie@housmanandassociates.com.
