

# The Industry Conference Resource

Powered By:

Welcome to **THE (NEW) INDUSTRY CONFERENCE RESOURCE.**

As we enter 2020, we do so with a new vision for how we can better serve you. Our goal with this monthly publication is to bring attention to the opportunities for information sharing, education, and technical development within the transportation sector. As you grow stronger as individuals, we grow stronger as an industry.

One of the changes you will notice is our change in format. Each event will be identified by a tile. Click on the tile to view more details about that particular meeting or conference.

In addition, we are introducing opportunities for '**Resource Partners**' to help fund this information tool. Our intent is to limit the number of monthly advertisers so that we stay focused on our original goal of this newsletter...to provide the industry with a one-stop-shop for finding events that meet your needs - in a way that is not too intrusive of your time or interest.

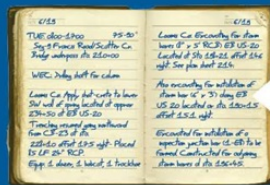

We will continue to scour the multitude of channels for upcoming conferences and meetings that we think will enhance your professional development so you don't have to. But, we know we can't find them all. If you have an event you'd like us to highlight, please don't hesitate to reach out.

We look forward to serving you in the years to come.
